

JFrame

```
graph BT; A["main.GameWindow"] -.->|jframe| B["JFrame"]
```

The diagram illustrates a relationship between two Java classes. At the top is a box labeled 'JFrame'. At the bottom is a box labeled 'main.GameWindow'. A dashed purple arrow points from the 'main.GameWindow' box up to the 'JFrame' box. The label 'jframe' is placed next to the arrow, indicating the name of the association.

jframe

main.GameWindow
